

ACADEMIC PROGRAM

CURRICULUM OVERVIEW

St. Timothy School's mission is to empower students to become their best selves, spiritually, intellectually, physically, emotionally, and socially in a Christian environment. Our curriculum reflects our mission and addresses the needs of each student developmentally and emphasizes growth in all areas. Our highly qualified faculty makes every effort to meet every student where they are, and together, soar.

PRESCHOOL

The curriculum for our **preschool** includes a balance of guided play activities, creative movement, reading and math readiness, creative art, science, and Bible. We also support the children's creativity through music, conversation, story times, and dramatic play. Outdoor play, exploration, and large and small group activities round out their schedule. Weekly chapel is also an important part of their spiritual experience here. Our preschool uses the WINGS curriculum, a Georgia approved curriculum that has been identified as one model that optimally aligns with the Georgia Early Learning and Development Standards (GELDS).

CURRICULUM RESOURCES

Bible (Purposeful Design)
Weekly Chapel
WINGS, The Ideal Curriculum for Preschool Children

Language Arts and Reading Enrichment
